SEEN, HEARD AND TOLD

By W. W. WHITAKER
When he feels like it.

Editor Whitaker's condition seems to be about the same. One day he seems to feel pretty good; the next, he feels badly.

Clark Porteous, columnist, had this to say in the Press-Scimetar on Sept. 19, 1956: "Never in Mississippi history har a white man or woman been given death for killing a Negro". About 1889 a Mr. Chatham was hanged in Grenada, Miss. for killing a Negro man. This is a matter of record, so investigate it yourself Mr. Johnny Come Lately!!

Be sure to go down to Oliver-Lilly Motor Company Friday (today) and see the new Ford car and new Ford Truck, on display there.

Tommy Hodges, who used to work for W. E. Jackson, is now working with Dixie Type and Supply Company out of Birmingham. He calls on us once a month.

Don't miss seeing "The Kentuckian" showing at Grenada Theatre Saturday 10 p. m., Sunday and Monday.

We predict: That if the New York Yankees win the pennant that they will beat the Dodgers in six games in the World Series.

Grenada Bulldogs will play the West Point eleven at Proby Field Friday night. Be sure to go out and support the Bulldogs.

Tom King, sheriff-elect, is this week announcing his deputies and jailor.

Hemphill Abel, defeated candidate for re-election as Tax Assessor, has invited his winning opponent, John A. Willingham, to come into the office at any time and ask as many questions as he chooses. This will certainly enable John to start off in his office able to serve the people better.

In our next issue, that is September 29th, we are sort of dedicating it to McQuay, Inc. If YOU want anything in this issue, GET IT IN BY TUESDAY, SEPT. 27TH.

Elsewhere in this issue we are reproducing an article "My Hobby" by Rev A. L. O'Briant. We think that he is a remarkable gentleman.

Sorry to hear that our old friend, Aaron Hudson of Oxberry died last week

John Bradley paid his annual dues Wednesday.

Also, Mrs. J. E. Little of Holcomb renewed for her son Cpl. Carl Little, who is right now stationed in Las Vegas, Nevada.

Neighbor Dennis caught a fish one day recently.

Mr. Finley Horton was seen the other day riding around with his son Carl Horton.

Miller Bros. Circus will be in Grenada Saturday, October 8th. I guess the children are happy about this.

The picture of the Forest Queen being crowned and those of Tom King and his deputies were loaned us by Mr. and Mrs. Grimes over at the Daily-Sentinel Star. It certainly is nice having people like them around.

E. L. Boteler Sr. is responsible for the big clearing on farm land north of town on Highway 51. About 150 acres of over-flow land, which had grown up in trees and under brush, has been cleared by A. M. Hartsell, contractor, of Grenada. Mr. Boteler said that there is now no danger of water flow from the river since the completion of Grenada Dam, so he wanted to put this plot in pasture and cultivation. Some of the top soil has been estimated at 6 feet deep. With the clearing of this property the Grenada Dam is visible from Highway 51 and is the only glimpse one has from Highway 51 of the dam. Mr. Boteler states this entire project of cleaning up the land will be completed by early spring '56.

Dr. and Mrs. Joe Williams and 2 children have returned home from a two weeks vacation at Laguna Beach, Florida.

House Of Our God

Lesson for September 25, 1955

WHY support churches? The first thing we need to understand about this, as Christians, is that support of the church is not optional, but a "must." During a year's time every citizen is confronted with more "causes" than most of us can keep up with. We are invited to share in many good works; orphanages, schools for the blind, boys' towns, foundations for the study of various diseases, hospitals for crippled children, the Red Cross, all sorts of things. Most of us have to decide which we shall send our few dollars to, and which not. But if a Christian thinks he has a right to decide whether or not to support the church, he does not understand what the church is. The central reason why the church calls for the support of the people of God is that it is the "house of our God."

Dr. Foreman

Here They Know You

If those poor people in ancient Jerusalem pledged themselves to support the house of God, we who are Christians have even more reason to do so. For one thing, the church is where we really belong. Where else in the world is a person recognized for what he is, a child of God? Elsewhere you are a statistic, a consumer, a customer, a tax-payer, a cost item, a voter. These may be important facts about you. But the most important fact about any human being is not that he is kin to the human race, important though that is. The big fact is that every human being is made by God, for fellowship with him. Every man alive is a child of God. Either he knows that or he does not know it. Vast numbers of the human race live as if they were orphans of the storm, they live pigs' lives like the prodigal in Jesus' parable. But no one will tell them they are children of God. No one will tell them of the Father's house, no one will recognize them for what they are. Only in the house of our God."

Here Citizens Are Trained

There are very shortsighted people who may tell you that money put into support of the church could better be spent in civic improvement, such as better schools or sanitation. On the contrary, supporting the church is the best thing that can be done for the betterment of society. It cannot be said too often: even if the church were only a listening post, even if a church did nothing at all but hold a meeting on Sunday, even if a church might as well be laid flat in ashes six days in the week, for all the work it does—still, even if it did no more than hear God's messages once a week, it would be doing a great and unique thing. For the people who hear those messages and believe them would come to know their true relation to God and their duty in his sight; they would live not as animals, not as the "beasts that perish" but as immortal sons and daughters of the Most High. Then if the church is more than a listening post, if it puts its members to work, they will be actually taught and trained in Christian living.

Here God's Will Is Sought and Taught

Are we talking about the real church or are we idealizing it? Well, of course no church is quite ideal. But taking the church by and large, these things are true, the church at its best wants them to come true, this is what it is driving at. For the church is the only place in town where large groups of people join in trying to know the will of God, and how to find it and how to do it. The church is the place where problems, personal and/or social, can and ought to be discussed in the light of God's Word and Will. It is the place where life is looked at in the light of heaven. A church that does not live up to its high calling is hardly worth support; but a church where there is a sincere effort to know what God wants for this community and for our part in it, a church where there is brave and honest opportunity for minister and people to think and to study and to speak out for God and his ways, a church which by prayer and service keeps the door open toward God, such a church is indeed a House of God; how can a Christian refuse to support it?

HOME AGENT NOTES

(By Beryll Elder)

Ripe or green, cooked or raw, tomatoes are a welcome addition to a menu for most folks.

By storing their tomatoes many folks are able to include this important food source of vitamin C on their menu even after the plants are gone from their fall garden.

They pick the green but slightly mature tomatoes - those beginning to turn whitish color. Over the stem end they put a mixture of 1 part beeswax, 1 part paraffin and 2 parts mineral oil.

Handle the tomatoes carefully as you apply the wax. Store in a cool dry place.

By removing the wax and storing in a warm place the tomatoes will ripen when needed.

A pikcle or relish to make from green tomatoes is:

Sliced Green Tomato Crisp

7 pounds green tomatoes;
1 gallon water;
4 cups lime;
4 pounds sugar
1 gallon vinegar
½ cup pickling spices;
1 stick cinnamon (2 inches);
1 tablespoon salt.

Mix lime and water well, letting any lime that does not dissolve settle to bottom. Select, wash, dry, and slice tomatoes Pour off lime water and add sliced tomatoes to it. Soak 24 hours, then wash each piece well under running water and dry.

Mix sugar and vinegar and pour over tomatoes. Soak 12 hours. Add spices and bring to boil. Cook at at that point for 20 minutes. Place in churn or glass jar.

It will keep unsealed. Yields approximately 8 pints.

For other recipes using pepper, ripe and green tomatoes from your fall garden, ask at the home agent's office for a copy of Extension Publication 220, Jams, Jellies, Preserves, Pickles and Relishes.

Iron Protection

To protect the sole plate of your electric iron from starch while ironing, apply a little paraffin to it. This will protect against sticking starch. Once the starch has been scorched on, however, the paraffin won't remove it.

Never scrape off sticking starch with a knife or sharp tool. This will cause scratches and rough edges that catch, pull and snag as you move the iron over the fabric.

To remove starch from your iron, let the iron cool. Then place it on a damp cloth pad. The dampness will soften the starch so you can easily wash it off with warm water and soap.

But, if the washing doesn't remove a stubborn spot, try fine cleaning powder on a damp cloth. If the sole plate is chrome plated, don't use steel wool; steel wool may be used only if your iron has an aluminum sole plate.

Remember, use cleansing powder, not SCOURING powder. Anything that scours is abrasive and should not be used on an iron.

Care For A Fainting Person

Fainting is unconsciousness caused by temporary loss of blood from the brain. If you feel faint, sit down immediately, or lie down if you can. If you are in a crowd and cannot sit down, it may help to draw in your abdominal muscles and grunt, forcing blood up to the head.

To treat someone else, keep the person's head lower than his body. Loosen any tight clothes, especially around the neck. Rub the arms and legs, keeping the patient as warm as you can. Give stimulants when the person is conscious.

day evening in ceremonies staged at City Hall. The contest was sponsored by the Veterans of Foreign Wars Post 4488 in cooperation with the Mississippi Forestry Commission and the area forester, J. H. Burnham. Jim Cann was V.F.W. chairman of the project.

Post Commander John W. Willis, Jr. welcomed the large crowd of spectators, including many out-of-town guests. He introduced Rep. William Winter, who served as master of ceremonies.

Talks On Forestry

In a brief and informal talk, Representative Winter praised the work of the Forestry Service and its value to the people of Mississippi and the United States, expressing the hope that the public would cooperate with the Service by observing fire safety rules and thus preserve our valuable forests.

The speaker recognized the men who 'make the Mississippi Forestry Service operate". Included were Leon Estes, district forester; George Criss, assistant district forester; J. H. Burnham, area forester; and Jim Cann, flood control forester.

A moment of silent prayer was observed during the program in memory of John W. McCormick, retired forestry employee, who died early this week.

Contestants Presented

Led by Miss Ann Mixon, 1954-55 Queen of the Forest, the contestants appeared on the stage for observance of the judges and spectators, amid much applause.

Judges were the Miss. V.F.W. Department Commander, Jeff Williams of Lexington; Dewey Hawkins, Department Vice Commander of Kosciusko; and Hugh Garnett, Commander of the ninth district of Tchula, serving for Robert Whitehead who was unable to attend.

Music for the parade of contestants was furnished by Miss Pat Dyre.

Following the decision of the judges, Miss Mixon crowned the new Queen, who was sponsored by J. H. Oliver & Company.

Brunette Queen

A charming brunette senior at Gore Springs High School, the winner is five feet, five inches tall and weighs 110 pounds.

She is a member of the 4-H Club, serving as secretary, and was first place county winner in Home Improvement. A member of the F.H.A., Bettye was named F.F.A. Sweetheart in '53.

An "all-round" girl, the new Queen is captain of the basketball team and secretary of the Junior Farm Bureau. She stated that clothes making is her hobby, and to prove that hobbies "pay off", she was first place winner of Grenada County in 1954, and won a medal on her clothing record at State College. She is an active member of Providence Baptist Church where she serves as assistant Training Union Director and secretary of the Young People's Class.

Queen Bettye will enter the district contest to be held in Booneville September 30. The winner of this competition will receive an expense-paid trip to Chicago and will compete in the state contest in Jackson. For winning the county crown, the Queen received a cash award of $50.00. Miss Williams received $25.00 and Miss Cooper, $15.00, as alternates.

Following the crowning ceremonies, a dance was held in the Queen's honor at City Hall. Music was furnished by "The Flames", a dance band from Kosciusko.

Express Thanks

The Warren E. Campbell Post 4488, Veterans of Foreign Wars and the Mississippi Forestry Commission wish to extend their thanks and appreciation to all contestants and their sponsors and contributors for helping make this program a success.

"MY HOBBY"

(By RRev. A. L. O'Briant

This is a talk given to the Men's Brotherhood of The First Baptist Church by Rev. A. L. O'Briant and requested to be printed.

"MY HOBBY"

Webster defines vocation as "Regular Employment" while a Hobby is an occupation or interest to which one gives his spare time.

My vocation and hobby have been winning the lost to Christ and teaching them how to be followers of Him.

I began preaching at the age of fourteen, before I became a Christian, and joined Old New Hope Church in Attala County. As pastor, I organized a number of churches — among them are First Baptist at Clarksdale and Immanuel at Hattiesburg and served actively for seventy years.

More than 2,000 people have been led to Christ in a personal way and have lived useful lives in Christ in service. This in addition to work in revivals. One of the high lights of my hobby was in a revival meeting at Sylverena Church in Smith County, where a serious division in the church had existed. After an all-night prayer meeting 100 people came back into the membership and 30 young men and women surrendered their lives to Christ. I have had the happy pleasure and privilege of seeing 8 young men give their lives to Christ as Ministers. Christ emphasized the prayer life. In the midst of His sermon on the Mount Matt. 6:6 He said "When you pray enter into your closet, shut the door, and pray to your Father which is in secret and thy Father which seeth in secret shall reward thee openly. but when ye pray use not vain repetitions as the heathens do." After this manner therefore pray ye, "Our Father, etc

Something to observe in our prayer life:

1. Practice of Prayer;
2. Place of Prayer;
3. Privacy of Prayer;
4. Person to Whom to Pray;
5. Promise — Shall reward thee openly.

My hobby then and now was to know how to pray so God would hear but Christ tells us in Mark how He did it: 1:35 "In the Morning rising up a great while before day He went out and departed into a solitary place and here prayed." Also in Luke 6:12 "He went out to a mountain to pray and continued all night in prayer to God."

I memorized fifty Scriptures on prayer through the years of this number is John 15:7. "If ye abide in Me and My words abide in you, ask what ye will and is shall be done unto you." Psalm 37:4. "Delight thyself in the Lord; and He shall give thee the desire of thy heart." Delight is a strong word. Lets have more faith in our prayers. Dedication of our lives to Christ should be our first hobby. Psalm 37:5. "Commit thy way unto the Lord. Trust also in Him and He shall bring it to pass."

TURN OVER TO CHRIST: This is the crying need of the hour. Dedication to Christ. Note — His death is spoken of more than one hundred and seventy five times in the New Testament. His Resurrection is a fact of so much importance, which was a hobby in the time of the apostles but is not preached on too much today. Then the ascension and exaltion of Christ, definitely spoken of more than thirty three times in the New Testament. He is now seated on the right hand of the Father, clothed with glory and honor.

Notice what He said: "I will not leave you alone or comfortless, but will give you another comforter and He will be with you for ever."

His coming back is mentioned three hundred and eighteen times between Matthew and Revelation. Christ says in Matt. 24:42, "Watch for ye know not what hour your Lord doth come. In verse 44, "Be ready for in such an hour as ye think not the Son of Man cometh." His last words on earth are recorded in Matt. 28. He said, "All Power is given unto Me in Heaven and on earth.

He commands us to go into all the world to teach, preach and heal, thus we have our Christian Schools, our Churches and our hospitals. Let's make His Commission our hobby. Matthew taught us to believe in God and the Bible.

Making my hobby count for Christ. Every person ought to have a hobby and as a Christian it should be dedicated to God. When self is dedicated, all is dedicated. As Christians and God's children, we never get too old to work and live for Him, and realize as Christians, Christ has done so much for us, we cannot do too much for Him.

Have you a hobby? And is it dedicated to Christ? The cause of Christ needs everyone of us. The business of Carrying the Gospel to a lost world is not a one man job. Help us to have more faith in our prayer and exercise our faith in Christ.

My hobby is Dedicated to the Young People of the First Baptist Church and all young people.

—Rev. A. L. O'Briant.

School Bells Ring For Mom Too

School bells summon mother back to important homework of providing her youngsters with nutritious lunch boxes as they march off to classes. Nutritious instant nonfat dry milk wins a gold star as mother's helper in preparing nourishing lunches. For example, it is perfect for a hot drink, and it adds extra nourishment to cookies.

Instant nonfat dry milk is a rich source of protein, calcium and riboflavin—all the important milk nutrients—and it is most economical for a family-size package, available at the grocer's, makes 12 quarts (3 gallons) of nonfat milk for as little as seven cents a quart. It also comes in two other popular packages—a one-pound box which makes five quarts of nonfat milk and a pre-measured package containing three pre-measured envelopes, each making one quart of nonfat milk.

Here are recipes for our school lunch box menu highlighters:

Hot Taffy Drink
(Makes two 8-oz. servings)

2 tablespoons molasses
2 cups liquefied instant Starlac nonfat dry milk
2 drops peppermint extract

In saucepan, combine molasses, liquefied instant Starlac nonfat dry milk and peppermint extract. Cook over medium heat until hot. Do not boil.

Honey Peanut Butter Cookies
(Makes 4 dozen)

1¼ cups sifted flour
½ cup instant Starlac nonfat dry milk powder
¾ teaspoon salt
½ teaspoon baking soda
½ cup shortening
½ cup peanut butter
¾ cup sugar
½ cup honey
1 egg

Sift together flour, instant Starlac nonfat dry milk powder, salt and baking soda. Cream shortening with peanut butter. Add sugar, honey and egg; beat until thoroughly blended. Gradually add sifted dry ingredients to creamed mixture, blending well after each addition. Drop by teaspoonfuls onto well-greased baking sheet. Flatten with fork. Bake in moderate oven (350°F.) 8 to 10 minutes until lightly browned.

Grenada Bulldogs Defeat Houston 25 to 19

(By Hugh Ketchum)

An alert pack of Grenada Bulldogs, using two blocked kicks and two long punt returns to good advantage, edged an aggressive and hard hitting team of Houston Hilltoppers, 25 to 19 Friday night in a Little Ten Conference battle at Houston. It was the first win in two outings for the local eleven and the second loss for the Houston team.

Grenada went to work in a hurry on the Hilltoppers, Jackie Todd racing 57 yards on the first play of the game only to have the run called back on a clipping penalty. Jake Gibbs engineered Todd, Shafer Spence and Hayes Branscome to the touchdown by probing the Hilltoppers line. Spence scored the touchdown on a 20-yard spurt over right tackle and a twisting cutback to hit pay dirt.

Gibbs, sparkplug of the T formation for the Bulldogs, was injured on the point after touchdown try and will be sidelined approximately four weeks. He was kicked on the ankle by a Houston player who crashed in to block Tom Carrrolls attempted placekick. Gibbs was holding the ball for Carroll.

Following Gibbs' loss Sam Ricks took over in his first starting role and handled the team in a highly capable manner, however, the Bulldog offensive never did get back in full swing and the long punt returns by Todd, Spence and Jimmy Brasfield spelled the difference in the game. Todd counted for the local boys with a 50-yard punt return in the second period, and he scored again in the third period after Spence had returned a punt 68 yards to the Houston seven. Brasfield scored the final Grenada touchdown when he scooped up a blocked punt and raced 47 yards.

Houston, depending entirely on the running passing of James Guest, a lanky, hard-running 175-pound tailback, counted in the second, third and final periods. The first tally was a 40-yard pass Guest to Goza, in the final minute of the first half. In the third period Houston covered a fumble on the Grenada 22 and Guest used three line plays to cross pay dirt. Late in the last quarter, Guest broke loose and ran 80 yards for a touchdown.

The Hilltoppers gave the Bulldogs a fierce battle until the final whistle mainly on the running of Guest. Houston piled up 241 yards rushing against 141 for the Bulldogs, and had 881 yards passing as compared to 26 yards through the air for Grenada. The difference was the 165 yards the Bulldogs counted on three punt returns.

Grenada will clash with the West Point Green Wave at eight o'clock Friday night on the local gridiron in the third Little Ten battle of the season. West Point also has a win and a loss for the season, defeating Bruce in the opener and losing last week to Starkville, 26 to 6.

Grenada B Team Loses To Winona 27 to 7

(By Hugh Ketchum)

The Grenada Bulldog B team dropped a 27 to 7 decision to the Winona resrevts Thursday night at Winona in a regulation practice game. The winners held a 13 to 0 lead at halftime then put on a last quarter rally to score two more times. The local team scored in the third period.

Winona counted once in each of the first two periods, then Grenada opened up the second half with a sustained drive that ended with Sam Ricks plunging over for the touchdown. John Criss crashed the line for the point. Winona came back with an 85-yard touchdown run and another score on a drive in the final period.

Jerry Fowler, Spivey Douglass and John Criss stood out for the linemen while Ricks and Gary Geeslin carried the offensive burden.

The lineup for the Grenada team follows: Ends, Marvin Dattel, O. C Davis, Doyle Moseley, Harold McCarren and Winfred Carter; Tackles, Jerry Fowler, Gerald Campbell, Gerald Carter, Mike Barrentine and Ed Sisson; Guards, Joe Perry, Spivey Douglass, John Criss, and Ed Perry; Center, Billy Charles Thomas; Backs Sam Ricks, Gary Geeslin, John Carter, Felix Herring, James Spence and Buddy Caffey.

Tom Holley Is Named "Player of Week"

Tom Holley, 157-pound end, has been selected as Player of the Week by the Grenada Bulldog Club for his performance last week in practice and in the game with Houston. The 18-year old Junior will receive an appropriate gift of clothing from Nelson and Stricklin's Store nad will be a guest of the Lions Club Friday noon.

Young Holley, who lives with Mr. and Mrs. R. J. Raper at 11 Lamar St. was selected for the outstanding manner in which he played his position on defense against a strong single wing attack and for the hustling display of blocking. Defensively he constantly erased all interference as the massed power of the single wing attack came his way, leaving the ball carrier alone for the line backers and halfbacks to stop. His blocking was timely, setting up one touchdown and paving the way for other shorter gains. Holley also showed a fine spirit in the week's practice sessions in preparation for the Houston game.

The award was given to Holley on a close nod over Tom Carroll, 170-pound tackle, who played an outstanding defensive game against Houston, and Jackie Todd, who contributed greatly to the offensive game.

Holley is the second player to receive the Player of the Week award by the Bulldog Club. Jake Gibbs, qb, won the first honor last week. The Bulldog Club, organized for the purpose of stimulating interest in the high school athletic program, now has over 60 members and plans are being made to reach the goal of 100 this week. Dues for the Bulldog Club are $5.00 a year for men and $2.50 a year for women. All persons interested in the program are urged to join the organization this week. Officers are Hugh Ketchum, president; James Forbes, vice president; Chick Lockett, Secretary; and Monroe Looney and John Mitchell, directors.
